## How to Bid

1. Once you login as a registered and approved bidder for an auction, you will see a **BID** button that indicates the current ask. Click the button, and then click it again to confirm your bid.

BID \$11,000  
PER ACRE

2. Note that your bid has not be completely submitted until the **BID** button turns to green and indicates you as the high bidder as shown below.

★ HIGH BIDDER ★  
\$11,000 PER ACRE

3. By clicking the drop-down arrow to the right of the **BID** button you can bid with three different methods:
  - Bid the current asking price – same as if you just clicked the **BID** button.
  - Bid a specific amount – you can use this to jump the bidding to a higher number than the current ask.
  - Create maxbid – when another bidder bids against you, the system will automatically generate a bid on your behalf up to the amount you indicate. If the auction price exceeds your maxbid, you can go back and bid regularly again.
4. We recommend you set up your account to receive notifications of when you've been outbid.
